PURE CONFIDENCE

Insurance backed by
the power of Caterpillar.®

**EXTENDED SERVICE
COVERAGE FOR
NEW ON-HIGHWAY
ENGINES**

CAT[®]
Insurance

**The confidence you need.
The protection you trust.
No matter where your
new Cat® engine takes you.**

You rely on Caterpillar engines for quality and durability. Extended Service Coverage (ESC) from Cat Insurance gives you assurance against unexpected repair costs. ESC provides 100 percent of parts and labor charges (less any deductible) for covered repairs due to defects in materials and factory workmanship.

Caterpillar's standard warranty is one of the best in the industry. Optional ESC can extend your protection up to 10 years.

Whether your on-highway engine powers a long-haul rig, an emergency vehicle, a recreational vehicle or a school bus, ESC adds long-term value to your vehicle by increasing resale value at trade-in.

Coverage That Adds Value, Mile After Mile

Your ESC provides:

- Help to manage the cost of unforeseen repairs
- A hedge against rising parts and labor costs
- Strong customer support from the Cat network – parts and service are available at more than 2,500 authorized locations
- Improved resale value, because ESC is transferable

Coverage That Goes the Distance

A wide range of time and mileage terms are available. Check with an authorized Caterpillar dealer for a complete list of engine models.

ON-HIGHWAY VEHICLES AND COMMERCIAL BUS ENGINES		EMERGENCY SERVICE VEHICLES, RV'S, FIRE TRUCKS, SCHOOL BUS AND C7 OR C9 POWERED SPECIALTY TRUCKS	
C7	36 to 120 months up to 600,000 miles <i>(in 50,000-mile increments)</i>	C7 C9	72 to 120 months up to 250,000 miles <i>(in 50,000-mile increments)</i>
C9 C11 C13 C15	36 to 120 months up to 700,000 miles <i>(in 100,000-mile increments)</i>	C11 C13 C15	72 to 120 months up to 300,000 miles <i>(in 50,000-mile increments)</i>

Cat Insurance offers a variety of Extended Service Coverage options. Your authorized Caterpillar Dealer can help you select the one that fits you best.

Coverage That Meets Your Needs

Extended service coverage comes in various levels. Choose the one that's right for you.

- MAJOR COMPONENTS.** This basic ESC plan provides coverage on 11 key components. For customers that prefer a low cost long-term protection plan that includes 100% parts and labor and no deductibles, this ESC plan offers great value.
- ESC PLUS.** A broader coverage than our basic ESC. For customers looking for a wide-range of time and mileage terms, this plan provides coverage on more than 40 components. For ultimate peace-of-mind, with ESC plus, you may also select coverage for the water pump, turbocharger(s) and/or injectors (up to 500,000 miles).
- MAINTENANCE COMPONENTS PACKAGE.** This ESC plan provides coverage on the water pump, turbocharger(s) and injectors. For customers that accumulate miles quickly and trade their trucks often, we offer a Maintenance Components Package (available as a stand-alone-plan) that can extend your protection on these components up to 500,000 miles.

Wearout, abuse, neglect, normal maintenance and operational expenses are not covered under ESC.

NEW ON-HIGHWAY VEHICLE ENGINES Extended Service Coverage Matrix

This chart lists types of covered components. The actual ESC contract will govern.

ITEM	MAJOR COMPONENTS	ESC PLUS	MAINTENANCE COMPONENTS PACKAGE	ITEM	MAJOR COMPONENTS	ESC PLUS	MAINTENANCE COMPONENTS PACKAGE
AIR INDUCTION & EXHAUST				COOLING SYSTEM

				MISCELLANEOUS ITEMS			
				Brakesaver (new engines only)		YES ¹	
				Cat Compression Brake		YES	
				Broken Nuts and Bolts attaching a covered component (torque is not covered)	YES	YES	YES

YES = Covered Component

YES 1 = Optional Coverage, additional fee applies, must be purchased in conjunction with ESC Plus.

Blank = Not Covered or Not Applicable

Listed components may not be applicable to all engine models.

NOTES: Major Components, ESC Plus and Maintenance Components are individual coverage plans, each bearing their own registration fee. While the three-component maintenance package may be purchased stand-alone, coverage for individual maintenance components must be purchased in conjunction with an ESC Plus contract.

All "covered components" must pass inspection or be replaced by an "authorized dealer" at the proper intervals, as prescribed by the Operation and Maintenance Manual, to qualify for continued coverage under this service contract. Failure to follow the Operation and Maintenance Manual will result in denial of coverage.
