PURE ADVANTAGE

**ADVANTAGE
PROGRAMS
EXTENDED SERVICE
COVERAGE**

Caterpillar engines are designed for the long haul, and so is the Advantage Extended Service Coverage (ESC) program.

Advantage ESC from Caterpillar provides 100 percent of parts and labor charges (less any

deductible) for covered repairs due to defects in materials and factory workmanship. That gives you assurance against unexpected repair costs, and offers a hedge against rising parts and labor costs.

Whether you are the first owner or purchasing a pre-owned vehicle, your Caterpillar engine can be protected mile after mile.

Advantage ESC Goes the Distance

A range of time and mileage terms are available for eligible engines, depending on the model.

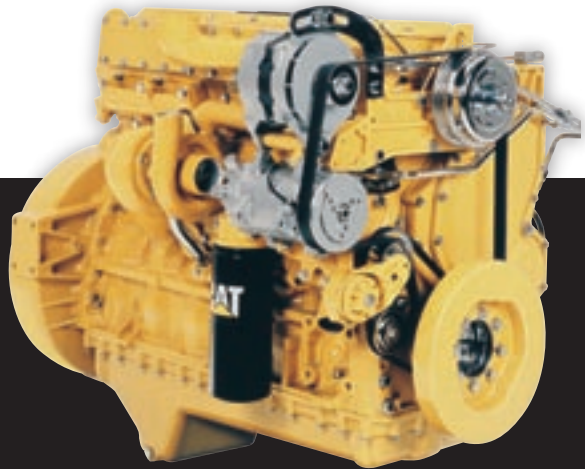

MODEL	MAXIMUM AGE/ HOURS FOR ELIGIBILITY	ADVANTAGE	ADVANTAGE PLUS (Heavy-Duty only)
3176, 3306, 3406, C9, C-10, C11, C-12, C13, C15, C-16	8 years 800,000 miles	12 months or 50,000 miles	Same terms as Advantage
		12 months or 100,000 miles	
		24 months or 100,000 miles	
		24 months or 200,000 miles	
		36 months or 200,000 miles	
		36 months or 300,000 miles	
3116, 3126, 3208, C7	7 years 400,000 miles and less than 8,000 hours	12 months or 25,000 miles	Not applicable
		12 months or 50,000 miles	
		24 months or 50,000 miles	
		24 months or 100,000 miles	

- Twenty major component parts are covered in the Advantage plan. Advantage Plus, a broader coverage, is available for most heavy-duty engines.
- Injectors, turbochargers and water pumps are available as an optional coverage if replaced at the time of the Advantage inspection.

Wearout, abuse, neglect, normal maintenance and operational expenses are not covered under Advantage ESC.

Cat® Insurance offers a range of Advantage Extended Service Coverage options. Your authorized Caterpillar Dealer can help you select the one that fits you best.

Advantage ESC Means Confidence

With your Advantage ESC, you have confidence that support is available when you need it. Cat's vast service network means parts are readily available – and trained technicians at one of more than 2,500 Caterpillar authorized service locations will perform repairs.

To qualify for Advantage protection, engines must meet certain age parameters and pass a comprehensive inspection by an authorized Caterpillar Dealer. So you can buy a pre-owned engine – or extend the ESC you purchased for a new engine – with confidence about its performance today and tomorrow.

Because engines change owners, Advantage ESC does too. Increase the resale value of your on-highway engine with this transferable coverage.

ADVANTAGE COVERAGE FOR USED ON-HIGHWAY ENGINES Extended Service Coverage Matrix

This chart lists types of covered components. The actual ESC contract will govern.

ITEM	ADV ESC	ADV PLUS ESC	ITEM	ADV ESC	ADV PLUS ESC

(YES¹): Optional components covered only if replaced at time of inspection:

- Injector (Set)
- Turbo(s)
- Water pump

All "covered components" must pass inspection or be replaced by an "authorized dealer" at the proper intervals, as prescribed by the Operation and Maintenance Manual, to qualify for continued coverage under this service contract. Failure to follow the Operation and Maintenance Manual will result in denial of claims.
